Ref. No.: IWWA/59AC/2026/ Date: 13th November 2026

To,

The Principal Director,
Principal Directorate of Local Self-Government Department,
Swaraj Bhavan, 5th Floor,
Nanthankode, Kavadiyar P.O,
Thiruvananthapuram , 695003.

Subject: Participation of Engineers/Officials in the 59th Annual Convention of Indian Water Works Association at Ranchi

Dear Sir,

The Indian Water Works Association (IWWA), established in 1968, is a national professional body dedicated to the development and promotion of water supply, used water management and related technologies. It has over 13,000 members and a network of 42 Centres across the country, providing a common platform for engineers, professionals, researchers and policymakers to exchange knowledge and share technological advancements in the water sector.

I am pleased to inform you that IWWA is organizing its 59th Annual National Convention at G.P. Birla Auditorium, BIT Mesra, Ranchi, from 22nd to 24th January 2027.

The Convention will bring together thousands of delegates from across the country and provide an excellent opportunity for engineers and professionals to interact with eminent national and international experts, attend technical sessions and learn about innovations, emerging technologies and best practices in the water and wastewater sector. Participation in this Convention would be highly beneficial for the professional development of engineers and officers of your Department.

In this regard, I would request you to kindly depute 25–30 engineers, including both young and experienced officers, from your Department to participate in the Convention.

You are requested to kindly communicate the names of the nominated participants to iwwa59ranchicentre@gmail.com, with a copy to iwwahq@gmail.com.

The Convention brochure is attached and also available on the IWWA website, www.iwwa.info, for your kind perusal. Delegate registration is to be completed online through www.59iwwaconventionranchi.com only.

We look forward to your positive response and active participation of your Department in making this National Convention a grand success.

With kind regards,

Yours sincerely,

Umesh Mehta

Er. Umesh Mehta
Vice President, IWWA, Mumbai
Organising Chairman, 59th Annual Convention of IWWA

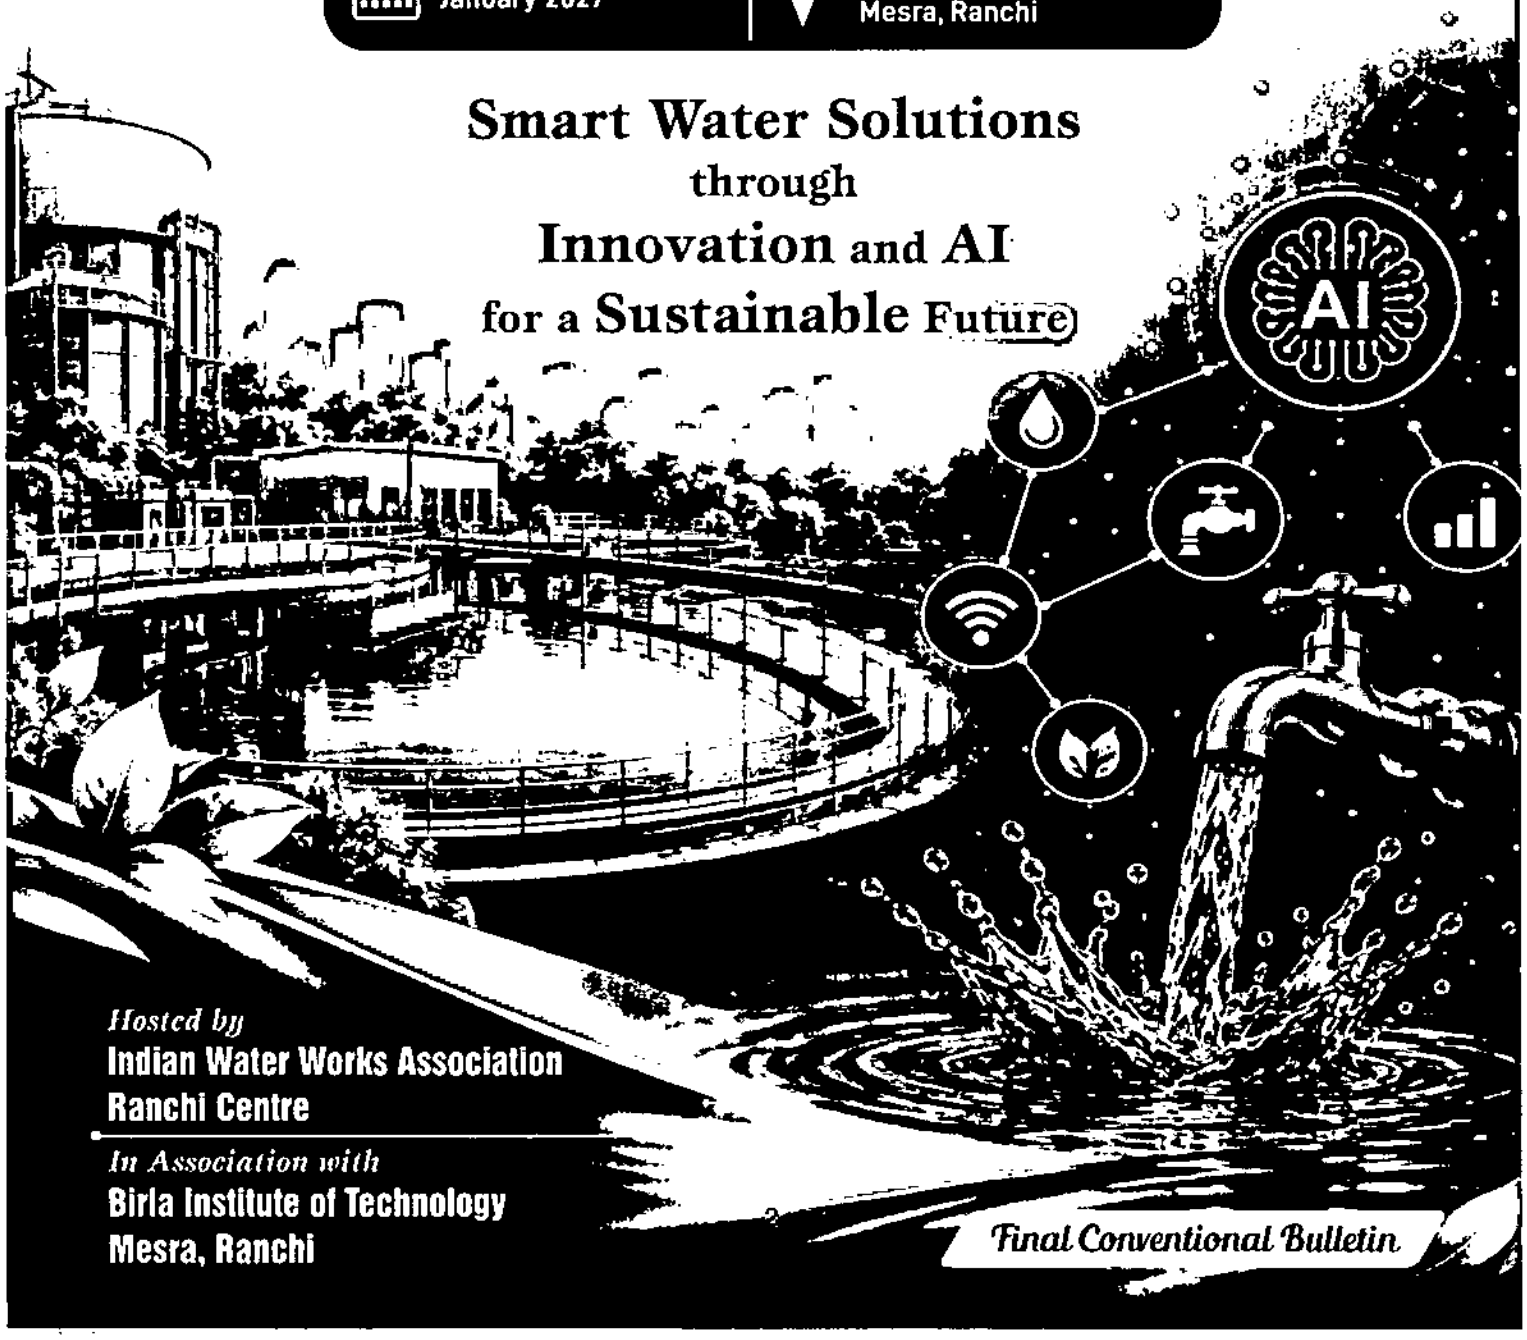
INDIAN WATER WORKS ASSOCIATION

59th IWWA ANNUAL CONVENTION

22nd - 24th January 2027

Venue :
GP Birla Auditorium, BIT
Mesra, Ranchi

Smart Water Solutions through Innovation and AI for a Sustainable Future



Hosted by
Indian Water Works Association
Ranchi Centre

In Association with
Birla Institute of Technology
Mesra, Ranchi

Final Conventional Bulletin

ABOUT INDIAN WATER WORKS ASSOCIATION

Indian Water Works Association (IWWA) is a voluntary professional organization comprising experts associated with water supply for domestic, industrial, and agricultural uses, as well as wastewater treatment and disposal. The Association focuses on the entire water cycle, addressing environmental, social, institutional, and financial aspects of water management. Established in 1968 and headquartered in Mumbai, IWWA has grown into a national network with 37 centres across India and a membership of nearly 14,000 professionals in India and abroad. At the international level, it maintains collaborative relationships with prominent global bodies such as the International Water Association (IWA), the American Water Works Association (AWWA), and the Japan Water Works Association (JWWA). In addition to hosting various knowledge-sharing activities through its centres, IWWA organizes an Annual Convention every year.

ABOUT VENUE

The IWWA Ranchi Centre is hosting the 59th IWWA Annual Convention from 22nd to 24th January 2027, in association with BIT Mesra, Ranchi. Jharkhand, known as the Mineral Heart of India, is famous for its rich mineral reserves, lush forests, and vibrant tribal culture. Key attractions include Baba Baidyanath Dham (Deoghar), the Jain pilgrimage at Giridih, Deori Mandir (Tamar), and scenic destinations such as Netarhat, Patratu Dam, Getalsud Dam, Hatia Dam, Dassam Falls, Hirni Falls, and Hundru Falls.

The convention venue, BIT Mesra campus, is located about 10 km from Ranchi and spans 780 acres of greenery. Its renowned B. P. Birla Auditorium, with a seating capacity of 2,500, provides an excellent setting for this national event.

TECHNICAL SESSIONS

Technical Sessions will feature expert lectures and paper presentations by leading professionals in the water and wastewater sector. As the IWWA Convention is focused on delivering practical solutions to real-world challenges, preference is given to papers based on field experience, innovative practices, and case studies.

The Organising Centre is committed to conducting the Convention in a meaningful, impactful, and memorable manner. An event of this scale is only possible with the technical and financial support of industries and institutions associated with the water and wastewater sector. We sincerely look forward to your valuable contribution and collaboration in making this Convention a grand success.

THEME
"Smart Water Solutions through Innovation and AI for a Sustainable Future"

1. Smart and Digital Water Management

* Smart metering, leak detection and NRW reduction
* Digital twins, predictive modelling and automation
* IoT sensors, GIS mapping and remote sensing
* Real-time dashboards and decision-support systems
* Cybersecurity and blockchain applications

2. Sustainable Urban & Rural Water Supply Systems

* Jal Jeevan Mission innovations and achievements
* Safe water supply in quality-affected regions
* Centralised vs. decentralised chlorination
* Community-managed systems (VWSC/GP)
* Hydraulic design for rugged and hilly terrain

3. Water Safety in Remote, Tribal & Challenging Regions

* Treatment of arsenic, fluoride, uranium and iron
* Low-cost biosorbent-based solutions
* Water security in tribal and remote areas
* Pressure and distribution challenges
* Last-mile supply innovations

4. Wastewater Treatment, Recycling & Reuse

* Decentralised and modular STPs
* Reuse for agriculture, landscaping and industry
* Low-energy treatment technologies
* Nutrient and resource recovery

5. Climate Change, Global Warming & Water Resilience

* Impacts of temperature rise and rainfall variability
* Aquifer recharge, spring rejuvenation and water security
* Watershed and basin-level planning
* Flood and drought mitigation
* Nature-based climate solutions

6. Governance, Financing & Policy Frameworks

* JJM governance and institutional strengthening
* PPP models and performance-based contracting
* Utility reforms and benchmarking
* National and state water policies

7. Municipal Solid & Liquid Waste Management

* Integrated solid and liquid waste management systems
* AI and automation in waste segregation
* Waste-to-wealth pathways
* Scalable models for urban local bodies

8. Industrial Water & Wastewater Management

* Water stewardship in mining, steel, power and industry
* ZLD, recycling and process optimisation
* Circular industrial water loops
* Compliance and benchmarking

9. Mine-Pit Water – Assessment & Utilisation

* Water-quality assessment and treatment
* Domestic, agricultural and industrial use
* AI-based monitoring and surveillance
* Community supply models
* Case studies from mining regions

10. Traditional Knowledge & Community-Based Water Management

* Indigenous water-conservation practices
* Social mobilisation and behaviour change
* PRI/VWSC roles and governance
* Integrating traditional knowledge with modern systems

11. Research, Capacity Building & Skill Development

* Academia and research collaboration
* Training modules for JJM and utilities
* Skill development for operators and VWSC members
* Industry–academia partnerships

12. Emerging Technologies & Future Innovations

* AI, ML, robotics and automation
* Next-generation sensors and cyber-physical systems
* Start-ups, incubation and entrepreneurship
* Future-ready water infrastructure

13. Emerging Pollutants – Monitoring & Treatment

* Microplastics, PFAS, pharmaceuticals and chemicals
* AI-enabled early-warning systems
* Advanced oxidation, membrane and hybrid systems
* Environmental risk assessment models

14. Circular Economy in Water & Wastewater Systems

* Water reuse in urban, industrial and agricultural sectors
* Nutrient recovery (NPK) and biosolid utilisation
* Energy-positive treatment plants
* Circular-economy business models

15. Water-Saving Fixtures & Demand Management

* Low-flow fixtures, aerators and dual-flush systems
* Water-efficient appliances
* IoT-based consumption monitoring
* Water-efficient building standards (LEED/ GRIHA)
* Demand-management and water budgeting

16. Integrated Water Efficiency, Circularity & Pollution Control

* Combined efficiency, reuse and pollutant-removal strategies
* Integration of green buildings, IoT and circular systems
* Policy and financing frameworks
* Successful integrated models across regions

17. Energy Efficiency in Water & Wastewater Treatment

* Aeration and process optimisation
* Energy audits for WTPs and STPs
* Solar, biogas and renewable integration
* AI-enabled energy optimisation
* Global benchmarking of low-energy plants

18. Global Best Practices & International Case Studies

* Water management models from global leaders
* International reuse and desalination practices
* NRW reduction and utility excellence
* Transferable best practices for India

19. Advanced Water Treatment Technologies

* RO, UF, NF and advanced membrane systems
* Electrochemical, catalytic and hybrid technologies
* Desalination innovations
* AI-driven optimisation of treatment plants

20. Advanced Wastewater Treatment Technologies

* Tertiary and advanced treatment systems
* MBR, MBBR, SBR optimisation
* Ozonation, UV, AOP and activated carbon
* Removal of microplastics and micropollutants
* Industrial advanced-treatment solutions

21. Rainwater Harvesting & Aquifer Recharge

* Urban and rural rainwater-harvesting systems
* Recharge wells, shafts and percolation tanks
* Managed aquifer recharge
* Stormwater management
* Successful recharge case studies

Conversation between [redacted] and Shri. A. G. GYDEE(EW)/PD LSGD, GYDE (EW) PD LSGD, PRINCIPAL DIRECTORATE LSGD on 19/3/2026 10:57 AM

IMPORTANT NOTES AND DATES FOR AUTHORS

- The Organizing Committee invites the Professionals and Academician to present their works as Technical papers and posters on all above mentioned themes and sub-theme.
- Convention will provide the platform to share the knowledge and experience to have better water management in future. Engineers, Scientists, Academicians, Manufacturers, Consultants, Users, NGOs and Government Officials are invited to actively participate in the Technical Sessions.
- There will be parallel sessions on different sub themes. Each session will begin with the Theme address by the eminent person working in the field. Besides there will be international workshops in parallel to the presentation, which are normally jointly organized with IWA/ AWWA/JWWA.

Paper/Poster for Souvenir

Accepted paper/poster will be printed in the Souvenir. There is also awards for the best papers in various themes selected by the eminent Juries. Selected papers will be published in either Springer or Scopus index. Author has to register as a delegate at his own cost. The Paper/Poster will be included in the Souvenir and for presentation in final program only after the Registration with Delegates fee. Please note that the presenter will have to make his/her own arrangement to attend the convention.

Submission of paper with abstract	15-10-2026
Confirmation of acceptance of paper	31-10-2026
Final Paper after reviewer comments	15-11-2026
Final Selection & Intimation	30-11-2026

It is further informed that submission of papers can be made through E-mail: 59iwwatechnicalpaper@gmail.com

Contact for any queries regarding technical paper.

2. Dr. N. N. Maurya – 9430692342

TENTATIVE SCHEDULE

22 JANUARY 2027	
Time	**Events**
8.00 am to 10.00 am	Registration
10.00 am to 12.00 noon	Inaugural Session
12.00 noon to 12.30 pm	Inauguration of Exhibition, and High Tea
12.30 pm to 1.30 pm	Modak Memorial and Raman Endowment Lecture
1.30 pm to 2.30 pm	Lunch

2.30 pm to 3.30 pm	Commercial Session-1
3.30 pm to 3.45 pm	Tea Break
3.45 pm to 5.15 pm	Commercial Session-2
7.00 pm onwards	Cultural Program and Dinner Event
23 JANUARY 2027	
Time	**Events**
9.30 am to 11.00 am	International Session
11.00 am to 11.15 am	Tea Break
11.15 am to 1.30 pm	Technical Session-1 & 2
1.30 pm to 2.30 pm	Lunch
2.30 pm to 3.30 pm	Technical Session-3 &4
3.30 pm to 3.45 pm	Tea Break
3.45 pm to 5.15 pm	Technical Session-5 & 6
5.15 pm to 6.30 pm	Youth Forum Session
7.30 pm to 10.00 pm	Convention Banquet Dinner
24 JANUARY 2027	
Time	**Events**
9.30 am to 11.30 am	Technical Session-7 & 8
11.30 am to 11.45 am	Tea Break
11.45 am to 1.30 pm	Technical Session-9 & 10
1.30 pm to 2.30 pm	Lunch
2.30 pm to 4.00 pm	Valedictory Function
4.00 pm to 4.30 pm	High Tea

COMMERCIAL SESSION

The Convention provides an opportunity for Manufacturers, Technocrats, Consultants and Designers to participate in commercial sessions, exhibition and the advertisement in the souvenir. Sponsors for the Kit and parts of Kit/Lunch/Dinner are most welcome. All sponsors will be provided with free participation in the convention as per the details provided to them. Exhibition will be open for the students and all holders working in water sector.

In this context, we request your support by being Platinum Diamond, Gold and Silver Supporter and Co-supporter for the event by generously contributing towards the convention. You may also participate in the commercial sessions, advertising through souvenir website, digital posters, branding at the venue and putting of stalls etc. We look forward to your gracious presence in the grand event.

3125466/2026 EMP PD LSCD

REGISTRATION

The registration charges will include Tea, Luch, High Tea, Dinner and kit. Registration and Payment will be online/offline. It is requested to complete the registration as early as possible. This will also assist the organizer to plan the event in effective manner.

For registration, please go through E-mail : 59iwwatechnicalpaper@gmail.com

COMMITTEES FOR HOSTING THE 59TH ANNUAL CONVENTION OF IWWA

Patrons

1) Er Manisha Palande, President, IWWA
2) Er Umesh Mehta, Vice President, IWWA
3) Dr M L Agrawal, Immediate past president, IWWA
4) Er B K Parida, General Secretary, IWWA
5) Dr Indranil Manna, Vice Chancellor, BIT Mesra
6) Er Niranjan Kumar, Engr- in- Chief, DWSD-GOJ
7) Er. Vinay Roy, Project Director Technical, Juidco

Organising Committee

1) Organising Chairman: Mr. Umesh Mehta - 9431391265
2) Organising Secretary cum Hony Secretary : Er. Pramod Kumar - 9334343439
3) Organising Secretary – Dr Kirti Avishek - 8294934737
4) Organising Secretary – Dr. Satish Kumar - 9102858182
5) Event Treasurer - Er. Kishore Kumar Verma - 8809521345

Working Committees

I. Souvenir Committee

1. Er. Shardendu Narain - 9431171291
2. Er. Ram Pravesh Singh – 9431382970
3. Dr. Arvind Lal - 9122937299
4. Er. Ajay Yadav - 9431586270
5. Dr Manish Kumar Pandey - 7388140147

II. Food & Catering Committee

1. Er. Pramod Kumar - 9334343439
2. Er. Arun Kumar - 7631150330
3. Dr. Mani Mohan - 8340456125
4. Dr. Nishi Srivastava - 7250483740
5. Raju Choudhary - 9934308041

III. Accommodation Committee

1. Er. P. N. Singh - 9431094795
2. Er. Umesh Kumar Singh - 9431105654
3. Dr. Tanushree Bhattacharya – 7250483740
4. Er. Someshwar Mishra - 9278531699

IV. Stage Management Committee

1. Er. Pramod Kumar - 9334343439

TOURIST POINT

Patratu Valley

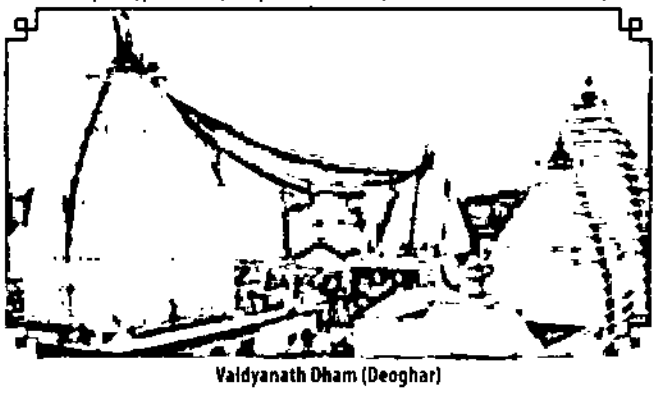
A scenic hill valley known for its winding roads, lush green hills, and the Patratu Dam. It is a popular destination for nature lovers and short excursions from Ranchi. (Distance from Ranchi: ~40 km)

Hundru Falls

One of the highest and most famous waterfalls in Jharkhand, formed by the Subarnarekha River. The falls are especially impressive during the monsoon season. (Distance from Ranchi: ~45 km)

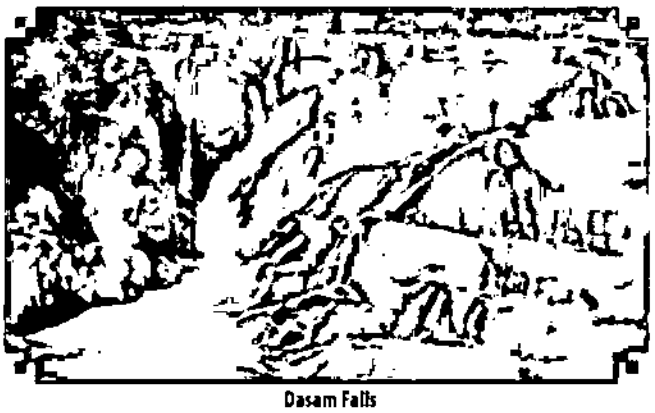
Netarhat

Known as the 'Queen of Chotanagpur', Netarhat is a serene hill station famous for sunrise and sunset points, pine forests, and pleasant climate. (Distance from Ranchi: ~150 km)



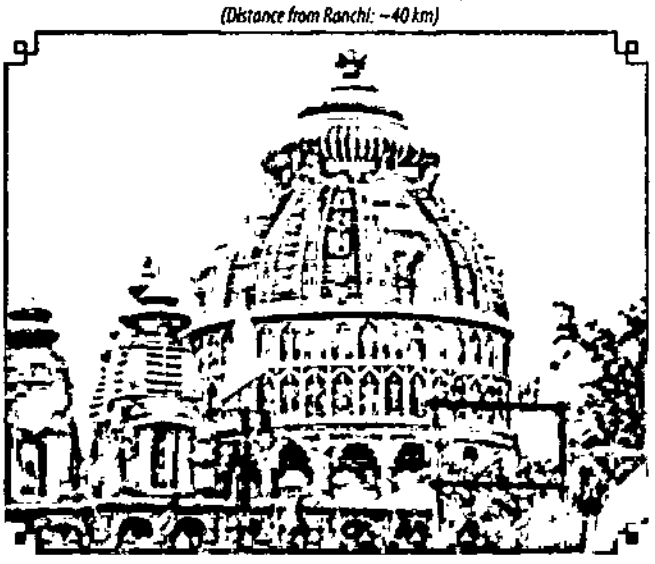
Vaidyanath Dham (Deoghar)

One of the twelve Jyotirlingas of Lord Shiva, Vaidyanath Dham is an important pilgrimage center attracting devotees from all over India. (Distance from Ranchi: ~230 km)



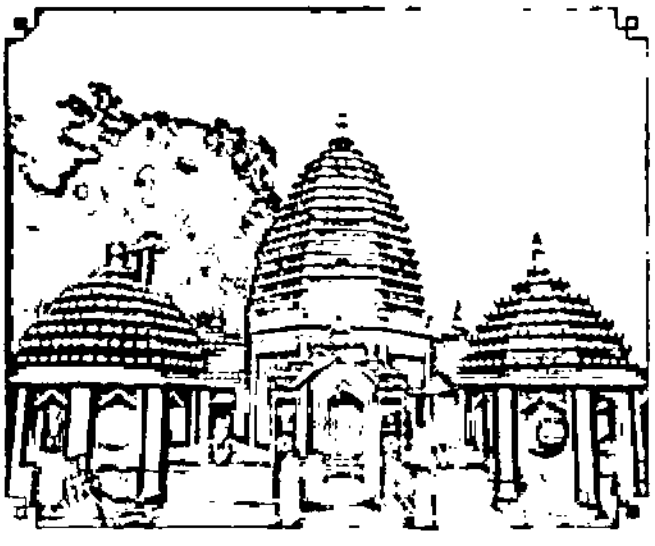
Dasam Falls

A spectacular waterfall on the Kanchi River where water plunges from a height of about 144 feet. Surrounded by dense forest, it is ideal for photography and nature visits. (Distance from Ranchi: ~40 km)



Deori Mandir

A revered temple dedicated to Goddess Durga, located on the Ranchi–Tata highway. It is a major spiritual destination in the region. (Distance from Ranchi: ~60 km)



Rajarappa Temple

A famous pilgrimage site where the Damodar and Bhairavi rivers meet. The Chhinnamasta Temple and nearby waterfalls make it both sacred and scenic. (Distance from Ranchi: ~70 km)
