19.04.2016

Circular

Sub: Resetting the Live Site of PRICE

Ref: Circular No. DB3/6512/2013/CE/LSGD (2) dated 22.03.2016

Vide reference cited, all the technical staff of LSGD Engineering wing were directed to switch on to the new online system of PRICE for preparation of estimates and to submit all the new estimates through the PRICE software from 01.04.2016 onwards. A large number of users have now identified errors in their user details and office details and have requested for corrections. These corrections were first made in the Demo site and the Live site is being updated using this corrected databases of the Demo site. Since a large volume of data is involved, the user passwords were reset to *Lsgd@2016* in the Live site. As such, all the users including those who have already logged in and changed their passwords in the Live site are hereby directed to login to the Live site once again using the reset password *Lsgd@2016* by tomorrow (20.04.2016) and then change it. The Live site will be updated by today (19.04.2016) evening. All are requested to cooperate with this.

† Chief Engineer
