Transportation Engineering Research Centre

The Transport Engineering Research Centre (TRC) was instituted at the Transportation Division, Dept. of Civil Engineering, College of Engineering, Trivandrum in 2012 with the intention of contributing its academic and research output to offer 'better roads for the public of Kerala'. It aspires at joining hands in hands with the practising engineers for planning, designing and building better roads and managing it efficiently throughout the service life.

Centre for Transportation Research

The Centre for Transportation Research (CTR) is a Centre of Excellence set up at Department of Civil Engineering, NIT Calicut with funding by the objectives of the Centre are to undertake research in various aspects of transportation engineering, create a pool of quality conscious and qualified transportation engineers, enhance the skills and knowledge of working transportation professionals and bring awareness among public for their active and informed participation.

College of Engineering Trivandrum

The College of Engineering, Trivandrum was established in 1939 as the first Engineering College in the then Travancore State. The institution has acquired the reputation of the best technical institution under Government of Kerala. The Department of Civil Engineering has been in existence since the inception of the college and has grown into a full-fledged department offering UG programme and six PG programmes duly accredited by National Board of Accreditation. The Transportation Engineering Division was started in 1982 with a Post Graduate Programme in Traffic and Transportation Engineering. The Division conducts research in various areas of Traffic and Transportation Engineering.

Training Programme

on

“Design, Construction and Maintenance of Rural Roads”

21st to 23rd November 2013

Organized by

Transportation Engineering
Research Centre
Department of Civil Engineering
College of Engineering Trivandrum
Thiruvananthapuram - 695 016

Centre for Transportation Research
Department of Civil Engineering
National Institute of Technology Calicut
NITC PO, Calicut – 673601

Sponsored by
Local Self Government, Govt. of Kerala

About the Training Programme

TRC mainly aims at bridging the gap between the theory and practice. The training programme is meant to disseminate the recent advancements in the design of pavements, construction technologies and maintenance practices to the field engineers. The course is oriented for engineers of LSGD & PMGSY under KSRRDA

Content of the Training Programme

- Overview of PMGSY, its guide lines
- DPR preparation
- Surveys, alignment & geometric design
- Design of flexible pavements(SP 72)
- Estimation of quantities & costs
- Rural road construction
- Tests on materials & significance
- Quality assurance & quality control
- Contract management
- Maintenance of rural roads
- New technologies
- Laboratory sessions

Resource Persons

Resources persons include renowned experts in Pavement Engineering from Technical Education Sector:

Eligibility

The programme is open to the practicing engineers from LSGD & PMGSY Engineers from KSRRDA. The number of participants will be restricted to 30, 15 each from LSGD & PMGSY, KSRRDA

Venue

The training programme will be conducted at PWD Rest house, Thycaud, Trivandrum

How to apply

Interested persons may download the registration form from www.cet.ac.in. Registration form duly filled in all respects should reach us on or before 31st of October 2013. TA/DA and accommodation of the participants will have to be met by the LSGD & PMGSY, KSRRDA.

Address for Correspondence

Dr. M. Satyakumar

Professor in Civil Engineering
College of Engineering, Trivandrum

Training Programme

on “Design, Construction and Maintenance of Rural Roads” 21st to 23rd November- 2013

REGISTRATION FORM

1. Name:
2. (a) Age (years): (b) Gender: M / F :
3. Designation:
4. Department:
5. Address for Communication
6. Phone: (O) Mobile No.:
7. E-mail address:
8. Educational Qualifications:
9. Area of Specialization/interest:
10. Years of experience:

Declaration

The information furnished above is true to the best of my knowledge. I agree to abide by the rules and regulations governing the programme. If selected, I shall attend the programme completely. I also undertake the responsibility to inform the coordinator sufficiently in advance, in case I am unable to attend the programme.
